

ARVIN-EDISON WATER STORAGE DISTRICT

December 2, 2025

Dear Landowner/Water User:

Enclosed are the following for the 2026 Water Year:

- Exhibit A - Notice of Fixing Surface Water Service Area Water Service Charges
- Exhibit B - Schedule of Preliminary 2025 Charges
- Exhibit C - Application of Standby Charges/Credits
- Exhibit D - Annual Application for Water Service

Notice of Fixing Preliminary Surface Water Service Area Water Charges (Exhibit A)

On November 17, 2025, the Arvin-Edison Water Storage District Board of Directors (Board) fixed preliminary charges and further provided notice that the final budget and water charges will be approved at December 9, 2025, Board of Directors' meeting.

Schedule of Preliminary 2026 Charges and Application of Standby Charges/Credits (Exhibit B & C)

The Board, following a detailed review of the Preliminary 2026 Water Year Budget, has determined, on a preliminary basis, to increase the average total Water Use Charges (consisting of the Water Use Charge and Energy Charges) for the 2026 Water Year as shown below and on **Exhibit B**. The Energy Charge on the first pump lift will decrease by \$2/AF, all subsequent lifts will increase \$1/AF, and the Water Use Charge will increase by \$17/AF to

reflect an overall average increase in Water Use Charges of \$16/AF or approximately 6% increase. The Board has also determined that for an Unrestricted Water Year the Standby Charge will remain at \$100/acre and to allow 100 percent (100%) of the Water Use Charges to be credited towards the Standby Charge for the year. The last column of **Exhibit C** indicates how much water (AF/AC) must be delivered to completely eliminate the Standby Charge based on pumping lifts, and ranges from 0.26 AF/AC to 0.41 AF/AC. For water users who take delivery of at least these amounts, the additional cost of the Standby Charge will effectively be zero.

If the 2026-2027 Water Year is Drought Year (or has a Prorate Period) the non-refundable Standby Charge amount fixed for the "Standby" charge shall be based on a sliding scale from \$14 to \$89 per each contract acre.

More specifically, the Water Use Charge would increase from \$165/AF to \$182/AF, the Energy Charge for the 1st lift will decrease from \$66/AF to \$64/AF, and the Energy Charge for each additional lift(s) 2 through 6 will increase to \$29/AF/lift. A summary of the Preliminary Charges for 2026 as compared to charges for 2025 is as follows:

	<u>2026 Preliminary</u>	<u>2025 Approved</u>
Standby Charge (\$/AC) Unrestricted	\$ 100.00	\$ 100.00
Standby Charge (\$/AC) Drought Year	\$ 14 to \$89	\$ 7 to \$105
Water Use Charge (\$/AF)	\$ 182.00	\$ 165.00
Energy Charge Lift 1 (\$/AF/lift)	\$ 64.00	\$ 66.00
Energy Charge Lift(s) 2-6 (\$/AF/lift)	\$ 29.00	\$ 28.00
*GA & GP Service (\$/AC)	\$ 155.57	\$ 155.57

*Final to be determined in May 2026. Collected by Kern County December 2026; April 2027

Also note, although not finalized at this time, the Preliminary 2026 Budget does **not** include an increase in GA & GP Service Charges. A final determination of any increase in the GA & GP Service Charges will likely occur in May 2026, if approved by the Board.

Annual Application for Water Service (Exhibit D)

The Annual Application must be **fully completed** and signed by the Landowner or Operating Agent (if such agent has been appointed) and **returned to the District on or before January 31, 2026**. This Annual Application is for the 2026 Water Year beginning March 1, 2026 and ending February 28, 2027. Division IV, Section 1, of the Arvin-Edison Water Storage District's "Rules and Regulations for Distribution of Water" (Rules), contains detailed information regarding the Annual Application for Water Service. If the land is leased and/or someone other than the legal owner is authorized to file the Annual Application for Water Service and perform such other functions of an Operating Agent as are set forth in Division 11, Section 2b, of the Rules, please contact the District office and the appropriate forms for appointing an Operating Agent can be forwarded to you. **It is emphasized that if an Operating Agent has already been appointed, the appointment remains in effect until superseded or revoked.**

In addition, pursuant to Division III, Section 2e, of the Rules, the Board is further considering application of Tiered Water Pricing that may be implemented in 2026. Notice regarding Tiered pricing may not be given until after March 1, 2026, when the first water supply declaration is anticipated by the United States Department of the Interior, Bureau of Reclamation.

If you have any questions or comments, please contact us.

Sincerely,

David A. Nixon
